

ASIF KHAN

UI/UX Designer | Product Designer

asifaliafridi1@gmail.com | +92 309 2189595 | [LinkedIn](#) | [Portfolio](#)

PROFESSIONAL SUMMARY

Product Designer with 5+ years of experience designing user-centered web, mobile, and enterprise applications. Experienced in transforming complex business requirements into intuitive digital experiences through user research, wireframing, prototyping, information architecture, design systems, and responsive interface design. Proficient in Figma, Adobe Creative Suite, HTML, CSS, JavaScript, and React, with extensive experience collaborating with cross-functional teams in Agile environments to deliver scalable, accessible, and developer-ready design solutions.

CORE SKILLS

UI/UX Design: User Experience Design (UX), User Interface Design (UI), Product Design, User Research, Information Architecture, User Journey Mapping, Wireframing, Interactive Prototyping, Design Systems, Responsive Web Design, Mobile App Design, Dashboard Design, SaaS Product Design, Accessibility (WCAG) and Usability Testing.

Graphic Design: Branding & Visual Identity, Marketing Creatives, Social Media Design, typography, Icon Design, and Print Design.

Frontend: HTML5, CSS3, JavaScript, React and Responsive Layouts.

Tools: Figma, Adobe Photoshop, Adobe Illustrator, Adobe XD, Adobe After Effects, Adobe Premiere Pro, Canva, and Miro.

PROFESSIONAL EXPERIENCE

UI/UX & Graphic Designer | iENGINEERING

June 2022 – Feb 2026

- Led the end-to-end UI/UX design process for enterprise web and mobile applications by translating complex business requirements into intuitive, user-centered digital experiences.
- Designed user flows, information architecture, wireframes, interactive prototypes, and high-fidelity user interfaces using Figma to support multiple enterprise products.
- Built reusable design systems, UI components, and design libraries to ensure consistency across products.
- Designed responsive dashboards, workflow management screens, complex forms, data tables, reporting modules, and map-based interfaces for enterprise-level applications.
- Worked alongside frontend developers by providing detailed design specifications, developer handoff documentation, and continuous implementation support.
- Created branding assets, custom icons, illustrations, presentations, and marketing visuals while maintaining a consistent visual identity across products.
- Conducted design reviews and refined user interfaces based on stakeholder feedback and usability improvements.
- Managed multiple projects simultaneously while maintaining high-quality design standards and meeting project deadlines.

UI/UX Designer | Yakoun

Sep 2021 – May 2022

- Designed responsive web and mobile interfaces focused on usability, accessibility, and modern user experiences.
- Collaborated with clients, developers, and cross-functional teams to transform business requirements into functional UI designs.
- Created user journeys, wireframes, interactive prototypes, and high-fidelity mockups for web and mobile applications.
- Developed reusable UI components and contributed to maintaining a consistent design system across products.

- Improved navigation, page layouts, and interaction patterns to enhance usability and overall user experience.
- Worked closely with developers to ensure accurate implementation and smooth design handoff.
- Designed dashboards, landing pages, authentication flows, admin panels, and branding assets for digital products.

UI/UX Designer | FunPrime Technology

Jan 2021 – Aug 2021

- Designed modern user interfaces for mobile applications, dashboards, and responsive web applications.
- Conducted user research and analyzed business requirements to create intuitive user experiences.
- Developed wireframes, user flows, interactive prototypes, and high-fidelity UI designs.
- Improved interface usability by simplifying navigation, restructuring layouts, and enhancing visual hierarchy.
- Collaborated with developers to ensure accurate implementation of responsive UI designs.
- Designed App Store graphics, social media creatives, banners, branding assets, and promotional materials.
- Maintained visual consistency across multiple products using reusable design patterns.
- Worked in Agile teams while managing multiple design tasks and meeting project deadlines.

Graphic Designer | Pinnacle Group of Companies

Sep 2020 – Jan 2021

- Designed marketing materials including banners, brochures, flyers, social media creatives, and promotional assets for digital and print platforms.
- Developed responsive landing pages and maintained WordPress websites with a focus on responsive design.
- Collaborated with marketing and business teams to create engaging visual content supporting branding and promotional campaigns.
- Created logos, brand identity assets, icons, illustrations, and corporate communication materials.
- Optimized graphics and digital assets for websites and social media to improve visual quality and engagement.
- Managed multiple design projects while maintaining quality standards and meeting project deadlines.
- Ensured all creative assets aligned with brand guidelines across digital and print marketing channels.
